**The National Institutes of Health (NIH) and
The National Institute of Aging (NIA)
Announce**

A Diversity in Aging Research Postdoctoral Fellowship

The Diversity in Aging Research Pipeline Program (DARPP) would like to fill one postdoctoral fellowship position. The goal of DARPP is to enhance diversity within the workforce of aging researchers and to provide training opportunities in aging research for underrepresented minorities and students from socioeconomically disadvantaged backgrounds.

Position Requirements

- **Candidates must have a Ph.D. (or M.D.) degree in molecular biology, biochemistry, bioinformatics, genomics, epidemiology, neuroscience or a related biomedical science field.**
- **Prior experience in aging research is not required.**
- **All applicants must be from a population underrepresented in the biomedical sciences, and have less than 5 years of postdoctoral experience.**
- **Candidates may be U.S. citizens, permanent-residents, or foreign nationals.**
- **Salary will be commensurate with research experience according to the NIH intramural pay scale.**

Interested applicants should e-mail curriculum vitae, a brief description of their research interests, and 3 letters of reference to: The DARPP Selection Committee c/o Mrs. TayaDunn Johnson, E-mail: dunnt@grc.nia.nih.gov. The application deadline is April 30,2017. Review of applications will begin April 1, 2017. Interviews will be conducted in May 2017.
